GALA UNSCENTED COLLECTION

Creating memorable moments since 1972

A home is more than a place – it's a feeling. Light plays a key role in shaping that feeling, creating warmth, comfort and atmosphere in every room.

Our unscented candle collection combines decades of expertise with a modern, design-driven approach. The result: a versatile assortment that speaks to today's consumer – timeless shapes, contemporary colors and flexible formats that fit seamlessly into different interiors, occasions and seasons.

RETAIL BENEFITS

**Immerse yourself into our world of glowing candles.
We hope you will enjoy the discovery.**

Life teaches us to recognize and focus on what is important – expertise, ingenuity, dependability and a sense that beautiful is often found in simplicity and uniqueness in everyday life. The concept of beauty is subjective, different for all and concentration on the bigger picture sometimes makes everyday objects unimportant; this is why the things with which we surround ourselves should be of good quality and authentic.

Awareness of our social and environmental impact drives us to source appropriate raw materials and improve manufacturing processes in our daily quest for better products.

For more than 40 years, we have been creating premium-quality candles. Combining decades of expertise with state-of-the-art production facilities, we are continuously advancing our processes, using resources responsibly and working towards more sustainable production. Driven by our ambition to improve every day, we are constantly evolving the way we create quality.

Our latest unscented candle collection is characterized by timelessness and high quality standards, with the RAL seal of approval, making it the perfect choice for the conscious consumer. Our European production guarantees permanent quality controls, tracked in our own laboratories as well as a flexible and speedy service responding to the needs of our customers.
